

Free Falls Prevention Classes for Seniors in Northumberland County

We have organized free falls prevention classes for seniors throughout Northumberland County. Our classes are designed to work on strength and balance for seniors. These classes also include an educational component designed to help you decrease the negative effects and potential injuries associated with falls and near falls. Led by trained health care professionals selected by us, you will be asked to complete a screening questionnaire to help ensure your safety. Please find below scheduled dates and times as of November, 1st, 2017. Please call our local office to ensure dates have not changed.
