

## Ed's House, Northumberland Hospice Care Centre Tender Documents Submitted for Approval

February 27<sup>th</sup>, 2019 (Port Hope)

The Board of Directors of Community Care Northumberland is pleased to announce that on February 13, 2019, five construction tenders were received for the building of Ed's House-Northumberland Hospice Care Centre.

All tenders and supporting documentation have been forwarded to the Ministry of Health and Long-Term Care for review and approval of the selected contractor. Once approval is received, Community Care Northumberland will award the construction contract for the 10 bed, 18,000 sq. ft. building.

"We are excited to be taking this important step in our process for the building of Ed's House", stated CCN Board Chair Ray Lobban. "The community has shown their strong support for this project and we look forward to breaking ground in the early spring."

The Board of Directors applauds the Building Committee and Architectural Firm Barry Bryan Associates for their diligence in planning for the construction, and the Campaign Cabinet for their enthusiasm in garnering community support.

In the weeks ahead Community Care Northumberland will be announcing the awarding of the construction contract. Construction will begin when conditions permit 'shovels in the ground'.
